**1** Remove strap from watch by sliding the lever to release it.

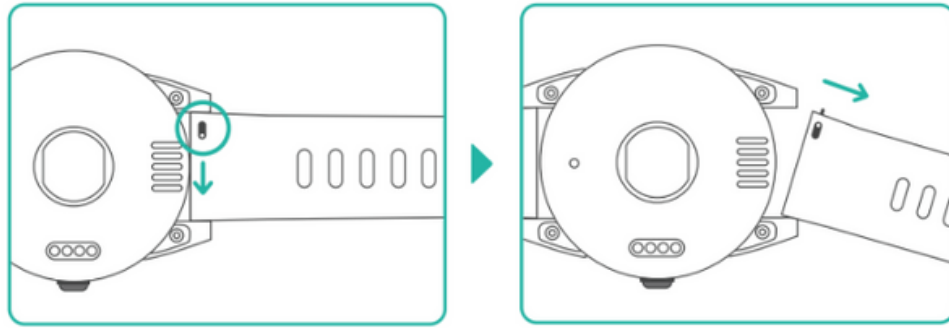

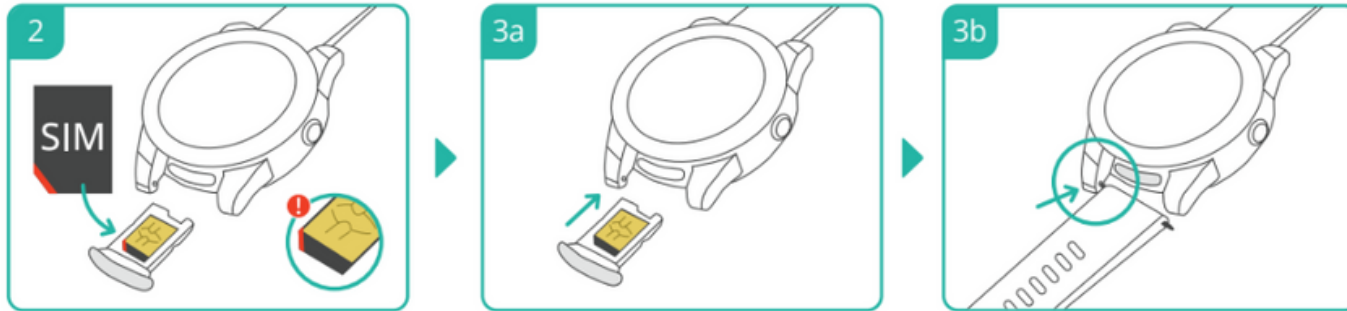

**2** Remove SIM card holder and place new SIM in the holder. Note notch direction.

**3** **(a)** Put holder back, check that it's closed properly and **(b)** return strap to watch.

**Activate your new SIM in AngelSense App:** In Main Menu, click **"Settings"** and **"General"**. Select the SIM and Save. (SIM number is on the box)
